

## MQ15 female 0° with cable shielded 600V AC type 3

PUR 4x2.5 or UL/CSA+drag ch. 10m

Female straight MQ15, 4-pole shielded without cable sleeves Plastic housings with good resistance against chemicals and oils. The resistance to aggressive media should be individually tested for your application. Further details on request. Further cable lengths on request.

| Operating temperature min.                           | -25 °C   |
| Operating temperature max.                           | 80 °C  |
| Additional condition temperature range               | depending on cable quality   |
| Important installation notes                         |  |
| Note on strain relief                                | Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.  |
| Note on bending radius                               | Attention: Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces. |
